Subject: type permit for the production of
packaging used for transporting dangerous goods
Reference No.: 338-1-26
Administrator: Dorottya Reményi Firefighter Second
Lieutenant
Phone: +36 1/469-4196

RESOLUTION

Upon the request filed by Dr. Bence Molnár (address: 7700 Mohács, Virág u. 36.), authorized by NS Automatyka Sp. z.o.o. (ul. Lesna 2a, 37310 Nowa Sarzyna, Poland, VAT number: PL81615450; hereinafter: Client) for the type permit of producing packaging used for transporting dangerous goods, I hereby

approve

the manufacturing type of the requested packaging consisting of 1H1 (Plastics drums with non-removable head) with the capacity of 1 liter, in the authority licensing procedure initiated before the Ministry of Interior, National Directorate for Disaster Management (hereinafter: Authority) under the following terms and conditions:

1. With the withdrawal or expiry of the certification of the manufacturing quality management system, this resolution also loses effect.
2. The report taken on the type tests shall be kept for 5 years.
3. This approval loses effect if the design of the packaging is changed. The tests shall be repeated after each modification of the packaging that changes the structure, material or manufacturing of the packaging. The documentation containing the results of the repeated tests shall be sent to the Authority for approval, within the frameworks of a new licensing procedure.
4. The chemical compatibility of the packaging and the dangerous goods shall be tested during manufacture and use.
5. The packaging manufactured according to the above shall bear the following mark:

1H1/Y1.2/100/*/H/NSA-4362-26-OKF

* manufacturing month and the last two digits of the year

6. The marking contained in Section 5 can only be applied in accordance with the technical content included in the test report No. 338-1-26, to the packaging manufactured by the Client.

This resolution is valid for the manufacturing of an unlimited number of packaging, until withdrawal, and until the relevant regulations are modified, but no later than 08. June 2029.

Translation

Péter Böröcz, the Head of Széchenyi István University Packaging and Environmental Testing Laboratory, states that this document is complete and its content is equivalent to the original one. If there is any discrepancy between the original resolution and this document, the resolution issued in Hungarian language shall be considered as official.

Böröcz Péter
Head of laboratory
Packaging and Environmental Testing Laboratory

The Client's proxy has paid the established administrative service fee of HUF 40,500 as the cost of the procedure to the account no. 10023002-00283494-00000000 of the Ministry of Interior, National Directorate for Disaster Management.

No administrative fee shall be repaid to the Client.

No appeals may be lodged against this resolution, it is final upon communication. The Client may initiate public administration lawsuit against the resolution, within 30 days after receipt in a claim addressed to the Public Administration and Labour Court of Budapest, filed to the authority making the first instance decision.

The party acting with a legal representative and the economic operators with domestic residence shall file their claims by using the form submission support service, to the body adopting the public administration resolution. The party acting with a legal representative and the economic operators with domestic residence – if it does not act with an attorney representative – may also proceed during electronic filing by using the service ensuring the comprehensive identification of the representative or the form submission support service, if it has such service.

The plaintiff may request a hearing in the claim, the defendant in the defence. Hearing may be requested in the lawsuit application, or within fifteen days following the entering of the lawsuit. No certification may be filed if the application for hearing is failed to be submitted.

Explanation

The Client – via its proxy – filed its application on 30. June 2026 on e-paper with ID. No. EPAPIR-20260630-13048, for the licensing of the manufacturing type of packaging consisting of 1H1 (Plastics drums with non-removable head) with the capacity of 1 liter, manufactured by the Client.

Based on the available documents I have established that the Client filed the technical documentation and statements required for assessing the application, and the certificate of paying the administrative service fee.

During the authority procedure, it was established on the basis of the filed technical documentation, the results of the test report No. 338-1-26 issued by the Packaging and Environmental Testing Laboratory of the Széchenyi István University (9026 Győr, Egyetem tér 1., accreditation number: NAH-1-1454/2023) attached to this resolution, and the manufacturer's valid quality management system that the packaging complies with the requirements set out in Chapter 6.5 of the regulation contained in Annex 1 of Government Decree 165/2025. (VI. 24.) on the announcement of Annexes A and B of the European Agreement concerning the International Carriage of Dangerous Goods by Road (hereinafter: ADR) and certain issues of domestic application, and in Chapter 6.5 of the regulation contained in Annex 1 (hereinafter: RID) of Government Decree 166/2015. (VI. 24.) on the announcement of Appendix C of the Convention concerning International Carriage by Rail (COTIF) as amended by the Vilnius Protocol on 3 June 1999, and certain issues of domestic application.

The conditions set out in the operative part on the basis of the following legal provisions I have established:

1. according to ADR 6.1.1.4

6.1.1.4 Packagings shall be manufactured, reconditioned and tested under a quality assurance programme which satisfies the competent authority in order to ensure that each packaging meets the requirements of this Chapter.

2. Pursuant to Section 24/E (8) of Act CXXVIII of 2011 on Disaster Management and the Amendment of Certain Related Acts (hereinafter: Cat. Act): 'Section 24/E (8) No fine may be imposed if the detection of the infringement is made within 5 years of the expiry of the manufacturing type approval permit 5 years after the expiry of the five-year period of validity of the type type approval.'

3. according to ADR 6.1.5.1.4

6.1.5.1.4 Tests shall also be repeated after each modification which alters the design, material or manner of construction of a packaging.

4. according to ADR 6.1.5.2.5

To check that their chemical compatibility with the liquids is sufficient, plastics drums and jerricans in accordance with 6.1.4.8 and if necessary composite packagings (plastics material) in accordance of 6.1.4.19 shall be subjected to storage at ambient temperature for six months, during which time the test samples shall be kept with the goods they are intended to carry.

5. according to ADR 6.1.3.1 and 6.1.5.1.1

6.1.3.1 Each packaging intended for use according to the ADR shall bear marks which are durable, legible and placed in a location and of such a size relative to the packaging as to be readily visible.

6.1.5.1.1 The design type of each packaging shall be tested as provided in 6.1.5 in accordance with procedures established by the competent authority allowing the allocation of the mark and shall be approved by this competent authority.

6. according to ADR 6.1.3 Note 1

1. The marks indicate that the packaging which bears them correspond to a successfully tested design type and that it complies with the requirements of this Chapter which are related to the manufacture, but not to the use, of the packaging.

According to the test performed by the accredited Packaging and Environmental Testing Laboratory of the Széchenyi István University, the packaging is suitable for marine transportation according to IMDG code.

For the procedure, the Client has paid the administrative service fee specified in Annex 1 and Sections 1 (1)-(2) of BM Decree No. 52/2019. (XII. 30.) on the administrative service fee to be paid for the approval procedures of various packaging used for transporting dangerous goods subject to the competence of the authority for disaster management.

The legal basis of this resolution is Section 17 and Section 80 (1) of Act CL of 2016 on the general rules of administrative proceedings.

Pursuant to Section 39 of the Ákr. and Section 24/E (1) of the Act on the Transport of Dangerous Goods (Kat. tv.), a simplified procedure is not applicable; therefore, the Authority assessed the application through a full procedure in accordance with Section

41 (2) of the Ákr. According to Section 50 (2) c) of the Ákr., the administrative time limit in a full procedure is sixty days. Furthermore, Section 50 (4) of the Ákr. stipulates that notification of the decision must also be arranged within the administrative time limit.

The application submitted by the Client to this Authority met the content requirements set out in Annex 1 of Government Decree No. 600/2022 (XII. 28.) on the authorisation, inspection, and sanctioning of the manufacture of non-pressure packaging and transport equipment used for the transport of dangerous goods (hereinafter referred to as: R.).

Pursuant to Section 116 (4) a) of the Act on Public Administrative Proceedings, no appeals may be lodged if the decision of first instance was adopted by the manager of a central public administration body, the resolution becomes final by communication pursuant to Section 82 (1) of the Act on Public Administrative Proceedings. I have excluded the right to appeal pursuant to Section 112 and Section 116 of the Act on Public Administrative Proceedings.

I have established the possibility of public administrative lawsuit on the basis of Section 113 (1) a) and 114 (1) of the Act on Public Administrative Proceedings.

The competence of the Public Administration and Labour Court of Budapest is established in Section 13 (3) a) of Act I of 2017 on the Code of Administrative Court Proceedings.

Both the Authority and the court are entities obliged to provide digital services. In the case of digital services provided by such entities, electronic administration is mandatory for economic operators acting as users, as well as for their legal representatives, in accordance with Act CIII of 2023 on the Digital State and Certain Rules on the Provision of Digital Services. For parties required to engage in electronic communication, when initiating an administrative lawsuit, the claim must be submitted using the official court e-form titled "Form for initiating an administrative lawsuit against a decision of an administrative authority", which can be downloaded from the website of the National Directorate General for Disaster Management (<https://www.katasztrofavedelem.hu/35292/birosagi-e-nyomtatvany>). The completed ÁNYK form and its attached documents must be submitted through the Ügyfélkapu at www.magyarorszag.hu, following login, and must be sent to the administrative authority whose decision is being contested – that is, to the Authority.

If a legal provision prescribes mandatory electronic communication – or a specific form thereof – for the submission of a statement, any statement that does not comply with this requirement shall be considered invalid, unless otherwise provided by law or government decree.

I have arranged the communication of this resolution in accordance with Sections 85 (1) and (3) of the Act on the general rules of administrative proceedings.

The Authority's competence and jurisdiction are based on Section 22 (1) (a) of the Kat. tv. and Section 1 of the Regulation.

Date: Budapest, according to the electronic stamp.
